

BRIEF SUMMARY

Motivated final-year Computer Engineering student at MIT AOE with a CGPA of 9.23. Eager to learn and adapt to new technologies, with a strong interest in pursuing opportunities for growth and innovation.

KEY EXPERTISE

C++ Java Machine Learning Figma Flutter

EDUCATION

MIT Academy of Engineering, Pune B.Tech. - Computer Science and Engineering CGPA: 9.23 / 10	2021 - 2025
Bhide Girls High School, Nagpur 12 th MSBSHSE Percentage: 91 / 100	2021
Montfort School, Nagpur 10 th CBSE Percentage: 91.60 / 100	2019

INTERNSHIPS

Manav.App (Intershala) IT / Computers - Software The role involves actively researching and implementing cutting-edge technologies and methodologies within the product development lifecycle. This includes proficient coding, thorough testing, and meticulous debugging to ensure the delivery of high-quality and innovative solutions.	16 Jul, 2023 - 15 Sep, 2023

PROJECTS

ExpenseManager Project Link: https://github.com/ShrutiGirhe/ExpenseManager.git Engineered a mobile expense tracking app allowing users to input income and expenses. Implemented a dynamic pie chart feature to visually analyze spending patterns, providing users with insights for financial management.
Sleep Tracker Project Link: https://github.com/ShrutiGirhe/SleepTrack.git Developed a mobile sleep tracking application leveraging screen shut-off detection to infer user sleep patterns. Implemented a feature to record average sleep duration and timing based on screen activity, providing users with insights into their sleep habits.
Human object pose estimation with emotion expression analysis Project Link: https://github.com/Novius-ISSS-AI/30.-MIT--Human-Object-Pose-Estimation-with-Emotion-Expression-Analysis Created an AI/ML project for object detection and emotion recognition in real-time frames, focusing on identifying and analyzing emotions when persons are detected.
E-commerce website Designed and developed an e-commerce platform facilitating artisanal product sales. Implemented separate admin and user interfaces for efficient product management and seamless customer transactions.

ASSESSMENTS / CERTIFICATIONS

Elements of AI Throughout the course, I delved into practical application of AI, exploring its role in problem-solving and its real-world implementations. I also learned about machine learning, broadening my understanding of this transformative field.
AI Design Challenges Explored the fundamentals of AI design challenges, gaining a high-level understanding of how AI is transforming industries and solving real-world problems.
